DISCUSSION	Concerns about emergency medical protocols during lunch. A student experienced a medical emergency, and there didn't seem to be a plan. It was very chaotic. Can

	there be a review of the protocol. The limited number of available restrooms remains a problem and is contributing to students being out of class for long periods of time. Certain restrooms are supposed to be monitored but don't appear to be monitored.

V. Action Items

ITEM TITLE	Principal hiring process.
DISCUSSION NOTES	Interview panel composition is first priority. We need to schedule a question writing session for the interview. HR has a massive bank that will reflect many of our intentions. Tucson High has very specific needs that we want to make sure are addressed. We have a few options for question writing sessions. Reviewed the composition of the board. The three members at large positions will include one student member. The interviews are all day, so the members will need to take the day off from work. Questions about size of panel were asked. The timeline was shortened significantly by HR. Members of the committee must maintain confidentiality throughout the process. General discussion about requirements and membership of the interview panel.
RESOLUTION	
The school council will write the questions in executive session after the January school council meeting.
